

## **AATCC VIEWING BOARD**

Product Code: **AATCC-VB**

- Built to American Association of Textile Chemists and Colorist (AATCC) approved test methods 88B/88C/124/128/143/178.
- The AATCC Viewing Board is designed for the evaluation of smoothness in the appearance of flat fabric and seams, and the retention of pressed creases in garments and other textile products after repeated laundering.
- Utilises a standard lighting and viewing area by rating the appearance of samples compared to appropriate reference standards.
- Uses either 2400mm (8ft) or 1200 (4ft) Cool White lamps (as per section 12.4 of certain AATCC test methods).
- Can be either wall mounted or used on a mobile trolley.
