VisionView

Combining visual and digital colour workflows in a single LED light booth

The all-LED tunable VisionView technology allows for visual and digital colour assessment to be performed.

VisionView offers immediate improvement in cost and efficiency by including the latest generation Ezio monitor in the new VeriVide all-LED tunable UltraView light booth. It is a versatile tool that enables users to combine the advantages of both visual and digital assessment.

**VISUAL & DIGITAL
COLOUR MANAGEMENT**

VisionView

Combining visual and digital
colour workflows
in a single LED light booth

**VisionView offers the
best of both worlds
combining a VeriVide
all-LED tunable UltraView
light booth with a DigiEye
viewing station.**

In the same operation, physical samples can be assessed visually in precisely controlled LED viewing conditions and compared with a digital standard image taken in a DigiEye imaging system.

Within the VisionView light booth, colour data can be communicated to or from anywhere in the world for better supply chain integration. VisionView combines proven VeriVide technology to save space, time and cost.

The design of VisionView offers opportunities to free up work space or to carry out more assessment tasks in the same space, featuring:

- ▶ All-LED tunable light sources.
- ▶ A rated CIE D65 and D50 illuminants.
- ▶ CIE illuminant A.
- ▶ Multiple POS LED options available including pre-programmed as standard: L40-8 (4000K), L35-8 (3500K), L30-8 (3000K) and L31-9 (3100K).
- ▶ VeriVide's filtered ultraviolet LED technology allows precise assessment of OBA content and tint by eliminating unwanted visible light.
- ▶ UV toggle on all sources to bring ultraviolet in and out of the light source.

- ▶ Inbuilt Eizo CG2700S calibrated flush mounted monitor.
- ▶ VeriVide Tilting Table as standard.
- ▶ The VeriVide LED CIE D65 artificial daylight can be dimmed to match the on-screen images.
- ▶ Surpasses all major standards for visual evaluation including ASTM, AATCC, BSI, DIN, SAE and ISO.

Eizo CG2700S-2K monitor

The 2K monitor that provides every detail with exceptional colour accuracy.

Size: 27-inch (68.5 cm) with a viewable image size (H x V) 596.7 x 335.7 mm

2K
